VOLUME 5, NO. 207.

BRAINERD, MINN., MONDAY, MAY 21, 1906.

PRICE TWO CENTS

Dear Doctor—
I owe you so much—
for you saved my Mama's life—
she was awful sick—the Doctor
came and Papa cried—so did I—
The Doctor could not help her—
but Aunt Emma—She told
Mama to take Dr. Pierce's Favorite
Prescription—and so she got
well in nough time.
I thank you very much
To Dr. R. V. Pierce. Enid Decker.

Many mothers of families in the United States have reason to be grateful to the person who recommended Dr. Pierce's Favorite Prescription. This is a medicine specially prescribed for diseases of womanhood. It does not cure eczema, catarrh in all its forms, nor heart disease, for it is put up for the single purpose of curing diseases peculiar to women. It has a reputation of over a third of a century of cures, and has sold more largely on this continent than any other medicine for women. Another point in its favor—it does not contain a single drop of alcohol or harmful habit-forming drugs. It is purely vegetable and perfectly harmless in any condition of the system. An alcoholic compound for women is something no woman should take and yet "Favorite Prescription" is the only tonic and nerve put up for sale through druggists, especially for woman's weaknesses, that does not contain alcohol and that too in large quantities. Womanly weakness will always bring nervous irritability and a nervous condition, for which alcohol is the worst thing in the world. What a woman thus afflicted needs is a vegetable tonic and invigorating nerve like Doctor Pierce's Favorite Prescription, which will build up her delicate system and bring about a healthy tone. It cures the drains and weakness of women, also displacements, as prolapsus, anteversion, retroversion, irregular and painful periods and kindred ailments. If you want to know what ails you the United States mail will bring you the best medical advice for only the cost of writing materials and stamps. Many women owe their present good health to the fact that they consulted Dr. Pierce by letter, giving him all possible information about their condition, symptoms, etc., and received in return good medical advice which cost them nothing. This is why we advise you to write to Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce by no means confines himself to prescribing his well-known proprietary medicines. He tells you in the most common-sense way what ails you, what you ought to do, what

line of treatment should be followed out in your particular case, and if your case does not indicate the need of his proprietary medicine, he tells you plainly and frankly what you do need, and the best possible method of improving your health. If you are a young woman just entering upon the duties of life, you should have good medical advice of a confidential nature. If you're the mother of children, you may want advice about yourself and how best to put your system in order that your children may be healthy. To sufferers from chronic diseases which do not readily yield to treatment, or to people who are past the youthful stage of life and want confidential advice about their ailments or their physical condition, Dr. Pierce offers careful consideration and the best medical advice within his power, free of cost. "Favorite Prescription" is indeed an ideal medicine for women, and by far the best I have known to restore lost health and strength," writes Mrs. R. C. Roelker, 24 Ingram Street, Henderson, Ky. "I suffered misery for several years, being troubled with flooding. My back ached and I had bearing-down pains and frequent headaches. Would often awake from sleep in such pain and suffering it would be hours before I could close my weary eyes again. I dreaded the long nights as well as the weary days. Consulted two different physicians hoping to get relief, but finding that their medicine did not seem to cure me I tried Dr. Pierce's Favorite Prescription, as a friend had recommended it so strongly. Am glad that I followed her advice for it was the only medicine for me. Every ache and pain has gone, and not only this, my general health has improved. I feel well and strong, have a fine appetite, have gained flesh and never looked better. My advice to suffering women is to take the 'Favorite Prescription' and they will never be disappointed with the results." Formula printed on wrapper. You should read The People's Common Sense Medical Adviser, by R. V. Pierce, M. D. Send 21 cents in one-cent stamps, for this 1008 page book in paper covers, or 31 cents for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

DICTATOR FOR RUSSIA

PLAN TO ARREST MEMBERS OF
PARLIAMENT AND PLACE
TREPPOFF IN POWER.

SNUBBED BY THE EMPEROR

DEPUTATION FROM THE LOWER
HOUSE WILL NOT BE RE-
CEIVED BY THE CZAR.

London, May 21.—The Tribune's St. Petersburg correspondent claims that he has obtained information of a plot that has been elaborated at large meetings of military officers to surround the Tauride palace, arrest all the members of the parliament and proclaim General Treppoff military dictator in the event of Emperor Nicholas failing to abolish the parliament.

The Daily Telegraph's St. Petersburg correspondent declares that the days of the Russian parliament are numbered. He says:

"In the eyes of the court party the parliament is already dead, the only question not solved being how and when to arrange a decent burial. My belief is that the crown will dissolve the parliament, promulgate a narrow electoral law and order new elections, which will result in the return of its own partisans."

SNUBBED BY THE EMPEROR.

Russian Ruler Declines to Receive
Deputation From Parliament.

St. Petersburg, May 21.—A bomb was thrown into the parliamentary camp Sunday afternoon by a note received by President Mourontseff of the lower house from Peterhoff, which, instead of making an appointment for an audience at which he and the deputation could present the address in reply to the speech from the throne, contained the information that Emperor Nicholas would not receive the deputation and that the address must be presented through the ministry of the court.

Disconcerted utterly at this unexpected development, the leaders of the majority hastily summoned in caucus the Constitutional Democratic deputies. President Mourontseff, instead of sending the address to Baron Fredericks, minister of the imperial house, immediately issued a call for a meeting of parliament at which he will report the occurrence and ask for further instructions. A heated meeting is in prospect.

Regarded as a Challenge.

The first disposition of the caucus of the Constitutional Democrats, which was in session all afternoon and evening and at midnight had not been concluded, was to regard the refusal to receive the deputation as a challenge and an open affront which was only answerable by a counter declaration of war. The deputies were red with rage, but after the first passion had cooled, the leaders realized the danger of too quick action and set for themselves the task of bringing their enraged followers under control. Outsiders were not admitted to the caucus, but through the glass doors of the great hall of the Constitutional club it could be seen that Professor Milukoff, Prince Peter Dolgoroukoff and others were on their feet time and again pleading with and commanding their auditors to act deliberately and firmly and not ruin all by unreasoning passion. The cooler counsels seem ultimately to be prevailing, but it is almost certain that the radical group, accompanied by a portion of the peasants, will break away and endeavor to force the house into some fiery declaration against the emperor and the government which might compel an immediate rupture, entail dissolution and civil war.

An Interesting Point.

An interesting constitutional point is involved in the refusal of a personal audience by the emperor. According to the parliamentary law "the president submits to the consideration of the emperor the transactions of the lower house," but it is not stated whether he does so personally; and deputation is nowhere authorized.

The Associated Press is informed by a member of the ministry that Emperor Nicholas was willing to receive President Mourontseff, but that the action of the house in appointing a delegation to accompany him was regarded as a dangerous precedent, capable of being stretched to include a deputation of any size—even the whole house.

This minister intimated that if the leaders desire to avoid a rupture they can do so by presenting the address through the ministry of the court as a proper and justifiable matter of routine or keeping within the limits of the constitutional provision, di-

rect the president of the house to apply alone for an audience. It is pointed out that no distinction has been made between the lower house and the council of the empire and that the latter body has also been instructed to present its address through the ministry.

President Mourontseff again went to Peterhoff in the evening to be presented to the empress, who had no opportunity of meeting him during the ceremonies there Saturday. He did not see the emperor.

LEGISLATIVE BILL.

Will First Occupy the Attention of
the Senate.

Washington, May 21.—The senate will resume business by taking up the legislative, executive and judicial appropriation bill, and when that is passed will probably enter upon the consideration of the immigration bill. Senators have been so engrossed with the rate bill during the past few months that they have given very little attention to other questions. Consequently there is no well defined programme for future legislation. But the immigration bill is so generally favored by the Republican leaders that there is no doubt it will be given the next place of preference on the senate calendar. There will not, however, be any further effort at legislation aside from appropriation bills, until the Republican steering committee can decide upon a programme which will probably be some time during the week. There is strong pressure to secure consideration of the canal bill this session while the preponderance of sentiment on the Philippine question appears to be against the reopening of the subject. The conference report on the Indian appropriation bill will be presented during the week and will be taken up for consideration at once. The report on the postoffice appropriation bill will be made late in the week and it, too, will receive early attention.

AMERICAN IS KILLED

W. H. STUART, UNITED STATES
VICE CONSUL AT BATUM, RUSSIA, ASSASSINATED.

Batum, Russia, May 21.—William H. Stuart, the American vice consul, was shot and killed at his country place Sunday night. The assassin escaped.

AS PRESIDENT OF CUBA.

Tomas Estrada Palma Inaugurated at
Havana.

Havana, May 21.—President Tomas Estrada Palma was inaugurated at noon in the presence of the diplomatic corps, cabinet officers, senators, congressmen, judges, heads of departments and the representatives of economic, agricultural and commercial associations. None of the Liberal members of congress attended.

The ceremony took place in the red salon of the palace. The oath of office was administered by the chief justice of the supreme court in front of a dais on which were seated eight supreme court judges and the court fiscals. Over the dais was suspended a canopy of red on which was the Cuban coat of arms. President Palma, who appeared to be in the best of health, entered the salon as the bell of the palace was striking noon. The guns of the Cabanas fortress gave a noisy welcome to the incoming administration and this was reinforced by the screeching of many whistles, cheers from the crowd outside and the crash of bands playing the Cuban national anthem.

Accompanied by Vice President Mendez Capote and the members of his cabinet, President Palma advanced down the aisle formed by the guests. When he reached the dais the chief justice spoke briefly of the significance of the occasion. Following the administration of the oath President Palma spoke briefly on the appreciation of the occasion and thanked those who participated.

Senator Gaytan de Ayala, the Spanish minister, who is now dean of the diplomatic corps, then advanced and read an address in behalf of all the members of the diplomatic corps.

Pope Pius Improving.

Rome, May 21.—Dr. Lappont visited Pope Pius three times Sunday. The temperature of his holiness was somewhat over 99 degrees, but he had no fever. The pains incident to the attack have somewhat diminished and movement of the limb is easier. Dr. Lappont considers that his patient is progressing satisfactorily and hopes the attack will soon be over.

List of Dead Now Five.

Hagerstown, Md., May 21.—The bodies of Charles Swope and Robert Barton, reported missing after the accident on the Cherry Run extension of the Western Maryland railroad Saturday, have been found in the Chesapeake and Ohio canal. This makes a death list of five due to the accident.

APPEARS TO BE OUT

FIRE IN UPPER PENINSULA OF
MICHIGAN SEEMS TO HAVE
BEEN EXTINGUISHED.

THOUSANDS ARE HOMELESS

DISTRICT OF FOUR HUNDRED
SQUARE MILES IN AREA DEV-
ASTATED BY FLAMES.

Milwaukee, May 21.—A staff correspondent of the Sentinel, who made a tour of the district in the Upper Peninsula of Michigan covered by the forest fires, in a special train, the first train to go through the district since the catastrophe, telegraphing to his paper says that the fire appears to be practically out in all of the district, which is about 400 square miles in area. The fire raged for a distance of sixty-four miles along the Escanaba and Lake Superior railroad and for thirty miles beyond Channing, the western terminus of the road. It seems certain now that 2,000 persons are homeless in that district and that 1,000 are left desolate at Quinnesec.

The Quinnesec fire, however, was of different origin from the Escanaba fire, having started in a field where men were pulling stumps and burning debris. This fire spread into the city, wiped out all the buildings, except three residences and the paper mills. Then the fire spread into the timber and running north for forty miles, finally joined the flames sweeping east on Escanaba.

It was also learned that Woodlawn and Kingsley, on the Escanaba and Lake Superior line, were destroyed as was Perkins, on the Northwestern. The strip burned along the Escanaba and Lake Superior road appears to be thirty miles wide and the alarming nature of the earlier reports of the fire seem to be thoroughly verified by the trip. Stories of heroic battles against the flames are numerous.

Saved by Desperate Work.

Dozens of towns were saved only by the most desperate battle with the flames. Northland, a town of 1,000 inhabitants, was three times threatened. The fire was checked each time at a distance of only ten yards from the houses on the outskirts. First the fire swept toward the place from the north, but was checked when two residences were scorched. Wagons with barrels of water prevented the houses catching fire. Driven away, the fire swept west and then returned from that direction and again was stopped. A third time the fire spread

into a great tract of timber south of the town which reaches up to the doors of the houses in that part of Northland, and a third time was checked.

One man who carried the coffin with the corpse of his dead baby thirty miles to Escanaba in his escape from the fire went back on the special train and found his home gone but the picket fence surrounding the house untouched. The ashes of his home had been blown away by the gale, and the fence was the only evidence of human habitation. The rest of the town had been swept away.

A remarkable feature of the fire is the fact that nearly all the refugees are not disheartened, but are determined to return and begin over again. They have only the clothes they wear but say this is the fortune of the frontiersman, and that if their homes are lost, at least the fire has cleared the land for them and this much labor is saved.

Fire of Incendiary Origin.
St. Clairsville, O., May 21.—The tiple, powerhouse and generator of the Purslove coal mines, three miles north of here, were burned at night with a loss of \$30,000. The fire is said to have been of incendiary origin.

Dr. and Mrs. John Robertson left today for Minneapolis where they are making their home for the present. About the first of July Mr. Robertson goes to Chataqua, N. Y., where he is one of the lecturers at the parent Chataqua assembly of this country. Dr. Robertson will return to Minneapolis in the fall where he has accepted a professorship in the Northwestern Bible College.

Dr. Thabes will have a fine place when he gets the house he recently purchased and moved onto the lots adjoining his residence fixed up according to his plans. A part of it is being raised to a full two story, the bay window on the front is replaced by a cottage window and a large piazza is being erected across the front and part of the east side. All modern conveniences will be put in and the Doctor will have a handsome and pleasant home when it is completed.

H. H. Hitch, after six years faithful service as bookkeeper and cashier for the Swift Packing company, has resigned his position and will take a rest. He expects to leave Wednesday, accompanied by his wife, for Blenansville, Ill. He will visit there and at Iowa points for a month or so, after which he will return to Brainerd. He has made no plans for the future, beyond having a rest, but expects to make his home in Brainerd in the future. He is relieved by L. E. Thayer.

SEVERAL SENTENCED

Chas. Miller Got One Year for Grand Larceny—Blind Piggers Get Heavy Fines

In the district court the case of Merill vs. Coates, is still on trial. The defense is putting in testimony, Leon Rafidal being on the stand as we go to press.

Several who had plead guilty were up for sentence Saturday. Chas. Miller, the hotel thief, got a year at hard labor at the Stillwater penitentiary, while Phil Provo and his wife, or Louisa Appleby, as she is known in the indictment, and Joe Duret were fined \$65 or 70 days in jail, each, for selling liquor without a license, sentence being suspended during good behavior.

AMATEUR BASE BALL.

Pine River, Minn., May 21.—Walker's ball team met defeat for the first time this season, Saturday at the ball park when the locals defeated them in a slamfest by a score of 11 to 12. Walker had come down strong and with a salaried pitcher in the box expecting to win an easy victory but the locals got on their batting clothes in the eighth and ninth and batted out a victory from what looked like inevitable defeat. The playing of both teams at times was a little ragged, neither team being in good form on account of the weather of the past week not permitting of any practice. By winning this game Pine River has yet an unbroken list of victories this season. Following is the score by innings.
Walker.....1 0 5 0 0 0 2 0 3—11
Pine River.....0 0 2 0 0 2 0 4 4—12
Batteries: Walker, Pipin and Sundby; Pine River, Kline and Robideau. Umpires, Johnson and Moulster.

The game at Walker Sunday between Walker and Akeley resulted in a defeat for the latter team, the score being 11 to 3.

The Pine River team will play the North Stars at Brainerd Memorial Day, May 30th.

The city team went to Staples Saturday night, returning this morning, but the game was called off because of rain.

George Murphy and Tom Templeton, two of Brainerd's old time strong amateur ball players, returned to town a few days ago and have accepted positions in the Northern Pacific shops. They will strengthen the city team in good shape.

At the ball park yesterday the moulders proved themselves better mud hens than the barbers by a score of 7 to 3, while the North Star Juniors demonstrated their ability in the same line over the Aitkin boys to the tune of 9 to 5. Both were five inning games on account of the rain.

George Day's team beat Tom Dykeman's team again Saturday by a score of 25 to 10. Batteries: Brown and Trent and Purdy and Rice.

A course, leathery complexion made unbeautiful by eruptions, calls for a general reform in living. The diet should be plenty of Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

A Touch of New York Life

Last Saturday at 9:30 a. m. the chief of police of Brainerd opened the doors of McGinnis' store, and allowed the waiting crowd to enter. To say that the store was immediately jammed is putting it mildly, and the store remained so until closing time. The way this sale is being handled and the way merchandise is being sold, reminds one of a busy day on one of New York's large department stores. 297t1

MISSION IS CLOSED

The Mission of Dr. John Robertson in Brainerd Closed by Great Meeting Sunday Night

The mission of Dr. John Robertson closed Sunday evening with the greatest crowd that has probably ever gathered together at any religious or other gathering in Brainerd. The opera house was crowded to the doors, even after the large platform was filled with chairs and many were turned away for want of standing room. Dr. Robertson preached for one hour during which the audience listened with intense interest. In his preaching he is fearless and depends fully on the Bible and the work of the Holy Spirit. He has done a work that will be felt in years to come. We hope that he and his goodly and helpful wife may visit us again to labor with us and to accept our hospitality. At the close of the service the following resolutions were adopted:

Whereas, The meetings under the leadership of Dr. John Robertson have accomplished a wonderful work of grace in Brainerd

Whereas, during the mission many souls have been born into the Kingdom of God, the church membership has been lifted up to a higher plane of Christian experience and the spirit of union has been healthy and complete,

Therefore, be it resolved, by a standing vote of this congregation, that we hereby do express our appreciation of his services and want to commend him to the confidence of any community that may secure the same, as a man of sound doctrine, relying upon the Bible, the Holy Spirit and the power of prayer and personal work, as the instruments under God in bringing men to Christ, and do hereby authorize the committee appointed by the Ministerial Association to sign this vote of thanks of the congregation and the citizens of the city and community.

J. F. McLEOD.

In behalf of the Ministerial Association.

MARTIN TOOHEY PASSED AWAY

Veteran Brainerdite Died this Morning at 2:30 of the Infirmitie of Age.

HAD LIVED HERE SINCE 1872

Served Four and a Half Years in Company C. 54 Ill. Vol. Inf. in the Civil War.

One of the oldest and best known citizens of Brainerd passed to the great beyond this morning when Martin Toohey peacefully breathed his last. Mr. Toohey was one of the pioneer builders of Brainerd, coming here in the employ of the Northern Pacific railroad when that road first came here and opened up the virgin forest to start the town. He assisted in building the first roundhouse built in this city and in laying the track into and through Brainerd, as yet only a name and a wilderness of jack pines. Mr. Toohey was always an industrious, hardworking man who stood well in the eyes of those who knew him and was active in the life of the young town. He probably, as much as any man now living, was a spectator of and participator in the stirring times of the early days. He was one of those who was the most fearless and heroic in the rescue of the bodies when the Mississippi railroad bridge went down with a train loaded with passengers, and was an eye witness to the hanging of the two Indians who were executed in front of what is now the Last Turn saloon, for the murder of a white girl. He worked continuously for the Northern Pacific railroad until old age compelled him to retire.

Martin Toohey was about 79 years of age at the time of his death. He was born in the county of Mayo, Ireland, and came to America when he was a lad of 16 years of age. He was married in Racine, Wis., to Miss Beatrice Pendergast, of that city, where the young couple lived for three years, after which they moved to Coles county, Illinois. It was while they were living here that the civil war broke out and he heeded the call of his adopted country, enlisting in Co. C. 54th Ill. Vol. Inf., in which he served gallantly for four and a half years, winning a proud name for heroism in the face of the enemy on many occasions. After he returned from the army he continued to reside in Illinois until he came to Brainerd in 1872, where he has since resided except for a short time when he lived on a farm near Motley, continuing in the employ of the Northern Pacific, however. Mrs. Toohey died about ten years ago, since which time he has lived with his daughter, Mrs. Kathleen O'Connor. Five children were born to Mr. and Mrs. Toohey, four boys and one girl. Three survive, M. J. Toohey, Castle Rock, Wash.; Mrs. Kathleen O'Connor, of this city and F. H. Toohey, of Park Rapids.

Mr. Toohey was an inmate of the Minnesota Soldiers' home for some time but was very anxious to return to Brainerd and Mrs. O'Connor went down and brought him home only about a week ago. As soon as he got home he seemed to feel satisfied to die and began to fail rapidly until the end came this morning. The funeral will be held from St. Francis church Wednesday morning, unless word from absent members of the family compel a change.

EYES which are defective, or do not harmonize, cause headache, and other nervous disorders. Dr. Bruns, the Optometrist who examines eyes free, will be at the National hotel parlors this week Wednesday and Thursday. Don't fail to consult him if your eyes need any attention.

MUSIC AND DRAMA.

SAN FRANCISCO DISASTER.

San Francisco, during the recent earthquake and terrible disaster will be faithfully reproduced with a picture machine at the Brainerd opera house on Friday, June 1. These pictures, which were taken during the progress of the great fire, are the first correct reproduction of the terrible events which took place directly following the earthquake shock, and graphically shows the scenes and incidents which occurred during the reign of terror which followed, the burning and dynamiting of the dwelling houses and business blocks, the scenes in Golden Gate Park, in which homeless people to the number of tens of thousands took refuge, the arrival and distribution of the relief supplies, and all of the interesting, although horrifying events which took place during the week of the awful calamity. There will be a sufficient and graphic description from first to last, furnished by an eye witness, who has been especially engaged by Mr. Lou M. Houseman, general manager of this exhibition.

"MY WIFE'S FAMILY."

To the Brainerd opera house on Saturday, May 26, comes a farce, in the broadest sense, without a word of suggestiveness and without a commonplace situation from the rise to the final fall of the asbestos. It is, "My Wife's Family." Stephens and Linton's musical farce comedy, a melange of comedy, singing and dancing. That old story of a henpecked husband, the more than usually obnoxious mother-in-law, and the family of brothers and sisters, cousins and aunts, and so on, is all served up in a new dressing, so bright and breezy that one almost forgets he ever heard the term, "Mother-in-law" before. The story is that of a young man making a determined effort to rid himself of the bondage of a man with many relatives by marriage. He has one ally, and only one, and the two have a combination of funny experiences and hair-breadth escapes which is framed up into one of the most ludicrous pieces of nonsensical stage productions of the decade. Frank Appleton and Ed. Perry, the comedians, as the husband and friend, have dialogue, songs and an excruciatingly funny automobile. The company is a strong one throughout, and includes Chas. Mitchell, Wm. Hearty, James Parke, Arthur B. Nice, Helen McGowan, Ruby Raymond, Edna Ward, Mabel Hawthorne, Lorraine Keene, Marie Del Vecchio and many others.

THE PLAIN TRUTH.

What More Can Brainerd People Ask?

When well-known residents and highly respectable people of Brainerd make such statements the following, it must carry conviction to every reader:

Mrs. Fred Stilling, wife of Fred Stilling, engineer on the M. & I. R. R., and living at 224 Ninth St., N., Brainerd, Minn., says: "Railroading with its jolting and jarring and being cramped up in an engine cab had the usual effect on my husband's back and kidneys. Most railroad men have experienced this trouble. I have heard him say at times he could not get out of his cab without his back hurting him so that it would be five or ten minutes before he could straighten up. Not long ago the trouble became so aggravated that he thought he would have to give up and go to the hospital for treatment. However we knew about Doan's Kidney Pills and procured a supply of them at H. P. Dunn & Co.'s drug store. Their use as directed cured the backache and restored the kidneys to a proper working order. After this gratifying result it is needless to say we hold Doan's Kidney Pills in high estimation."

ALMOST CREMATED IN FREIGHT CAR

Chas. Hass, of McGregor, Has a Narrow Escape From Death On an N. P. Train

CAR CAUGHT FROM LANTERN

Hass Jumped From Moving Train And Lit in Pool—Car and Contents Destroyed

It will be some time before Charles Hass, of McGregor, Minn., goes to sleep in a freight car again with a lantern setting on a box in the car. He did it last night while on his way to Portal, N. D., with his team and a car of emigrant movables. The jar of the train shook the lantern off the box onto the floor of the car where it set the car and its contents afire. When Hass awoke his clothes were badly afire and he jumped from the door of the moving car, lighting in a pool or bog. He sustained no apparent injury from the jump, but is badly burned along one side. Only his lucky jump in alighting in the water saved him from being fatally burned.

The engineer of the train saw the fire break out of the top of the car and the train crew drew it away from the rest of the train and went to Aitkin for assistance. Roadmaster Tyler was on No. 14 and under his direction the car was thrown into the ditch where it now lies. The team and all the contents of the car were destroyed, as well as the car itself. Hass was brought to Brainerd to the Sanitarium, where it is reported that he is not seriously burned. But he won't do it again.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Crushed to Death.

Never in the history of Brainerd was there such a crowd as at the adjuster's sale of McGinnis' stock.

People were almost crushed to death. The army of clerks strove in every possible way to wait upon the crowd but it was impossible. Hundreds were turned away. The management states that extra help has been engaged and those that did not get waited upon should call again as these same prices or better will be given and new and sensational bargains every day. 29761

Heart Like a Clock

The pulsation of the heart marks the passage of the blood through the veins, just as the ticking of a clock indicates the flight of moments of time. Palpitation, fluttering or irregular action reveals the fact that the heart is running down—and unless strengthened, is liable to stop at any time under some weakening influence, such as excitement, overwork, or intense mental or physical strain. To regulate the heart action, you should take Dr. Miles' Heart Cure when any symptoms of a weak heart is apparent. It has no equal.

"Sometime ago I had a very severe pain around my heart, and most of the time I had a heavy beating or throbbing of the heart. It would beat so that when I lay down at night it would sound like a small clock in bed with me. I could count the ticking. With every little exercise, or walking I felt like my heart would give out, and I would be so tired I would have to lie down and rest—I suffered quite a while in this way, then I concluded to try Dr. Miles' Heart Cure. I had not taken it long until I began to feel easier, and so continued, and the medicine entirely cured me. I am very grateful for the great good I received from Dr. Miles' Heart Cure."

JOSEPH BROADHEAD, Findlay, Illinois. Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
